

Description

At Amazon, we strive to be Earth's most customer-centric company where people can find and discover anything they want to buy online. We hire the world's brightest minds, offering them an environment in which they can relentlessly improve the experience for customers. Innovation and creativity are built into the DNA of the company and are encouraged at all levels of employment. Every day we solve complex technical and business problems with ingenuity and simplicity. We're making history and the good news is we've only just begun

Amazon Operations is looking for a talented, innovative, hands-on and customer-obsessed Business Analyst as part of Inbound Supply Chain team. Candidate must be detail oriented, possess good analytical skills, have strong verbal and written communication skills and have proficiency in following tools: Advanced Excel and SQL.

Basic Qualifications

- 2+ years of data analytics or automation experience
- Bachelor's degree or equivalent
- Knowledge of SQL/Python/R, scripting, MS Excel, table joins, and aggregate analytical functions
- Knowledge of and proficiency in the use of Python scripting language
- - Understanding of data warehousing, data modeling concept and building new DW tables

Preferred Qualifications

- Experience in creating process improvements with automation and analysis, or experience communicating results to senior leadership
- Bachelor's degree, or MBA in supply chain management, operations, engineering, analytics or related field
- Experience working in e-commerce / retail / supply chain / financial services business
- Experience analyzing data and creating reports for leadership
- Experience using very large datasets

Our inclusive culture empowers Amazonians to deliver the best results for our customers. If you have a disability and need a workplace accommodation or adjustment during the application and hiring process, including support for the interview or onboarding process, please visit <https://amazon.jobs/content/en/how-we-hire/accommodations> for more information. If the country/region you're applying in isn't listed, please contact your Recruiting Partner.
